

United Petrotrin Now Seventh

The United Petrotrin Football Team has now dropped down to seventh position in the 2006 Trinidad and Tobago Pro League standings.

This means even more intense training for members of the United Petrotrin team during the Pro League break for the 2006 FIFA World Cup Competition

United Petrotrin Team Manager Mr. Larry Joseph made this statement recently when he provided an update on the team's performance, shortly after the first game of the 2nd round in the Trinidad and Tobago Pro League. He said while the team is still in a fair position to achieve its goal of placing in the top three at the end of the League, everyone would have to put in a lot more work during practice sessions.

There are ten teams participating in the 2006 Trinidad and Tobago Pro League, which began on April 8. Each of these teams must face each other for three rounds of football.

“So far we have completed the first round, with a final game against Joe Public at the Marvin Lee Stadium, Macoya on June 3,” Mr. Joseph said. “Of the games we played in the first round, we have two wins, four draws and three losses, which keeps us at ten points and places us seventh in the standings behind Superstar Rangers.”

United Petrotrin opened the second round of the League, with a match against Vibe CT 105 W Connection at the Petrotrin Palo Seco Velodrome. The host team conceded victory 1-0 in that match, with the only goal being scored by W. Connection's Andre Toussaint in the 32nd minute.

“The League is now on a break until the end of the World Cup,” Joseph said. “The United Petrotrin team would go on a break for one week and then continue training from June 15.”

Teams participation in the 2006 Trinidad and Tobago Pro League Competitions are also judged for a number of other competitions including the Pro-Bowl Competition, the First Citizens Cup, the Toyota Classic, the National FA Competition and the Lucozade Sport Big 6 Competition.

So far, the teams have already participated in the Pro Bowl Competition, with the finals between Jabloteh and W Connection held on May 26 at the Mannie Ramjohn Stadium. The United Petrotrin lost 4-1 in its first quarterfinal game against W. Connection in that knockout competition. The other competitions are still to be judged. The United Petrotrin Team is the defending champion for the Lucozade Big 6 Competition.
