

Oil spill response policy statement

Petrotrin as part of its corporate responsibility is committed to the provision of effective Health, Safety and Environment management systems for the continuous and improved quality of the Health and Safety of its employees, the public and the environment. Furthermore, it is committed to the sustainability of the natural environment on which its operations may have an impact. As a result, Petrotrin shall take every measure, be it systematic, scientific, practical or otherwise in all its operations to prevent any discharge of hydrocarbon material into the environment as well as to prevent the occurrence of any incident that could adversely affect the Health and Safety of the general public.

Where an accidental spill or emission of hydrocarbon-related material occurs Petrotrin shall ensure a timely and appropriate response to promptly eradicate the danger to human health and safety, minimize the severity of environmental damage and expedite a return to normalcy as soon as practicable.

East Coast Operations offshore.
